John: The Gospel Of Light And Life (John Series)

Synopsis

The Gospel of John is the most deeply spiritual of the four gospels. It includes some of the loftiest and most loved verses in all the Bible: "And the Word became flesh...", "For God so loved the world...", "You who are without sin cast the first stone...", "I am the resurrection and the life...", "I am the way, and the truth, and the life." The writing is filled with rich images and profound truths, but John notes that his aim in writing the gospel is that his readers will not only believe in Jesus Christ, but that they "may have life in his name." Join Adam Hamilton and experience a season of spiritual growth and life-changing renewal while reading the entire Gospel of John. Topics Include: The Word Made Flesh The Miraculous Signs of Jesus The *Am^{en}* • Sayings of Jesus The Farewell Discourse The Arrest, Trial, and Crucifixion of the King Eternal Life

Customer Reviews

I have tried many times to read the bible but frankly I give up because I can't understand much of it. Adam's book on John is wonderful and he writes so anyone can and wants to read the bible. Adam please write a book on Matthew, Mark and Luke also.

There is a lot of what I consider as filler in this book. That filler is the Book of John reprinted within the chapters. Eliminate this (since most of us already have at least one copy of our own of the Book of John), and remnant would be half the thickness. BTW, there are many parts of the included Book

of John that are not discussed in any way in the editorial portion of the item. Some good parts, of course, in the part Adam wrote.

We are studying this book at my church and just finished week/chapter 4. The book is very well written. We also have the DVD to watch at the church, which adds tremendously to the class. Not quite as much as in another of Hamilton's books "The Call," but it does add to the book.

Having attended several different studies on the Gospel of John and having read several different books on John by different authors, I was pleasantly surprised when I read this book ... thought I knew all about John's Gospel. I learned about it from a SS classmate who had volunteered to lead our class in a 5 week series on this book. I almost didn't buy the book thinking I would just "listen along." But I am so glad I did. The book is simple and absolutely awesome IMO. It has many new perspectives on John and his Gospel that I have never heard or considered before. I highly recommend this book for the every day lay person who wants to learn more about John the man, or the Gospel of John, or the differences between the Book of John and the other three Gospels. A great read too if you're not interested in a study ... thought-provoking and insightful.

Hamilton has written a user friendly Bible study instrument that is accurate, understandable and challenging. In my opinion, he is one of the leading writers of this important venue of the spiritual life..

Great book. Adam Hamilton makes you look at John completely differently than the other 3 Gospels. It was very appropriate for this time of year (Lent) and I highly recommend it if you are looking for a good Bible study especially for this season.

John is widely considered to be one of the more philosophical gospels and Adam Alexander does a fantastic job of helping you find some of the meaning in the gospel. When the book first arrived, I pulled out my trusty Bible but I was pleasantly surprised that the Author had embedded the whole book of John into this book. Overall, a wonderful style by the author. I really enjoyed reading him and reading John in a new light. Also the CEB translation was very nice. I usually prefer a NASB or a more word for word translation but I must say that I really enjoyed reading the gospel in CEB. This was my first exposure to this recent translation and I must say that I really enjoyed it.

This is a well thought out and well written book on the overarching themes of the book of John. This book is fantastic for those who are looking for an introduction to the book, and a brief overview of some of the theological themes that are developed in the book of John. Adam Hamilton write with ease, weaving in both personal stories, and relevant anecdotes that keep the readers attention, while at the same time pointing out some of the themes that lie below the text that are only recognized with proper study and understanding. John is a gospel that is full of references to the Christology of Jesus (and the Genesis story) and the author really brings them out in this book. The book does not act as a commentary, but rather picks and chooses a few key passages to explicate from the book of John. The new student of John will find a book that is challenging, and the seasoned veteran will pick up some new insights into the book as well. The book is short, simple and easy to read, but is balanced with some good scholarship. I really enjoyed reading the book, I finished it in two days because of the ease in reading the book. If you are a new student to the book of John this is a good place to start in your study.
