Garfield Fat Cat 3-Pack, Vol. 2: A Triple Helping Of Classic Garfield Humor

Synopsis

THREE BOOKS IN ONE A TRIPLE HELPING OF GARFIELD HUMOR MEANS THREE TIMES THE FUN! He used to be perfect, but now he's even better! Garfield, the fat cat with the super sized ego, is back in the spotlight, dissing his dimwitted owner Jon - even pilfering his pants. Some cats chase mice; Garfield prefers to take legal action. When down on the farm, the city kitty puts up with - and puts down - Jon and his barnyard brother. No wonder Garfield's often in a bad mood. But no matter what, he's always in the mood for food! The GARFIELD FAT CAT 3-PACK series collects the GARFIELD comic-strip compilation books in a new, full-color format. Garfield may have gone through a few changes, but one thing has stayed the same: his enormous appetite for food and fun. So enjoy some super sized laughs with the insatiable cat, because too much fun is never enough!

I like Garfield because he is funny! Garfield is the only comic strip I read. I especially like the "Fat Cat 3 Pack"s 'cause there are these little "Funnies" between the chapters. Reading Garfield comics also exercises your vocabulary skills. My favorite part of each pack is when Garfield celebrates Christmas.

I bought both the vol 1 (3-pack) and vol 2 together for my kids, and they love both books (9 year old who reads by himself and 4 year old who asks us to read to her every night!)...but it was easy to spot the "evolution" of Garfield's image from the beginning of vol 1, when Garfield was not the same

look (and weight!) as half way through the book. by this vol. 2 book, garfield looks like the garfield we see nowadays, but the cartoon from vol 1 to vol 2 has been great throughout! love the clean jokes in the garfield series, with a little bit of violence that little kids will laugh about it (as garfield always kick odie out of the way...heehee...)

I was a big fan of Garfield when I was growing up so I kept a few of my old comics for my kids someday. It turns out my 8 year fell in love with Garfield too so I bought a few Garfield comic books to complete his collection. Excellent comic book, came really fast, another excellent fun reading material for my son's collection.

I purchased for my 11 year old son who is obsessed with Garfield. This book is filled with classic Garfield comics, just like in the "Funny" Section of the Sunday paper, only now all in one place. We own several volumes of the Garfield Fat Pack books, and he said so far this is his favorite. I love that I can find on where I cannot find in stores locally. Well priced and fast shipping was an added bonus as this mom forgot as a Christmas gift. It arrived in plenty of time.

Garfield is a classic retro comic series starting in the late 70's and is still going today. Jim Davis creates the humour of the series which is still going strong. Who knows what they'll get up to some short strips and some longer stories that continue on. Garfield is hilarious in his affairs with others and himself. Enjoy

My 6 year old loves this book and carries it around with him. I told him to pick a few items to bring camping with us and he chose this book. I've seen other Garfield books that he will look at for awhile but he loves this one because it is in full color and even though sometimes he can't read all the words he loves looking at the pictures and making up his own stories. PS my husband also loves reading Garfield!!!!!!

When I was a kid, I owned all of these "Fat Cat 3-Pack"s as their tiny, fatter versions. These are slimmer and taller (means they make a more sensible fit on your bookshelves) and IN COLOR! No idea what happened to my old ones (I assume donated after I grew up or moved!) but I am determined to recollect these!

Arrived well packaged and exactly as described. The paperback contains 3 Garfield comic books

under one cover. A gift for my grandson. What better way to introduce our younger family members to humor created when comics were in the "funny" papers.
