Easy does not accurately describe the arrangements in this collection. This book would be ideal for an intermediate musician/hobbyist, but not a beginner. Call me crazy, but when I search for "easy" piano music, I think of something that not necessarily a brand new musician could play, but something that a young person with a few months of lessons could play.

Not so EASY as most of the pieces have 5 or 6 sharps! Great selection of songs, well done but I found most too difficult to play

Great songs, great book! Not exactly super easy, but challenging for the beginning (or rusty) player. Easy enough to be challenging, though. My 10 year old has had a year of piano and was able to get the treble part of a couple of them through sight reading. Love it!

It isn't that the book isn't good for vocalists but its not good for piano solos.

enjoying the music book...Little to easy for me but great for my kids

Not quite what I was expecting. I read Giant Book of Christian Sheet Music, put I did not see that it applied to Piano and not Guitar which is what I was looking for.

This is not an easy piano book. I bought it for my daughter who is in a level 2 book in her piano lessons and she could not read it.

Just what I needed! Great condition. So happy with my purchase!
