Introduction To Adobe Flash Professional CS6 With ACA Certification

Synopsis

Introduction to Adobe Flash Professional CS6 with ACA Certification, written by expert instructors, provides all the classroom tools needed to teach a complete certification program. Your students learn to design and maintain dynamic websites using Adobe Flash. This curriculum covers topics such as using layers to build animation sequences, creating interactive web components with ActionScript, project management and much more. Through the ACA coverage, students will also learn valuable insight into animation and web design job roles that use Flash. This single book provides students with a complete introduction to Flash along with a comprehensive exam preparation. This complete classroom course, created by a team of Adobe experts who have developed training programs for Adobe Systems, offers your students the opportunity to confidently prove their skills mastery and gain this job-focused certification to give them the needed edge on their career path. Adobe Certified Associate exam vouchers are available for bundling for an additional fee.

Customer Reviews

pretty much the standard introductory text. Good for learning the basics of flash.
