Customer Reviews

We love Goodnight Darth Vader, so we were excited when this book came out; we even pre-ordered it before release. We were a little disappointed that it really isn't a story though. It's more of a collection of one to two panel Far Side-type comics. Goodnight Darth Vader is a book we can read to our son (who is 4 years old); this book isn't. He doesn't "get" the jokes really. This book isn't bad, it's just more geared towards an older audience.

Nice illustrations and cute story. A little shorter than I thought it would be. My son loves the other Jeff Brown Star Wars books (Jedi Academy) and I thought this would be like those, but these are a

MUCH shorter read, meant for a younger audience. The illustrations are colored and a lot nicer than Jedi Academy though.

As with most all of Jeffrey Brown's Star Wars themed books, my 6.5 year old loves it. Not only is it fun for him to read with me, but Jeffrey's added some wit and humor for the adults as well. There are a few jokes that go over my son's head, at least for the time being, but he still gets a kick out of this one nearly every night.

My five year old son loves this book which he just got yesterday for Star Wars Day. We regularly read "Darth Vader and Son" before bedtime. This is a wonderful series whether or not your kids know the movies or not - Jeffrey captures the essence of fatherhood and that makes the Vader / Luke humor that much more precious. Highly recommended as an introduction to the power of the Force.

Been reading with my 5 and 7 year daughters. We just watched the original episodes IV, V, VI and they get the humor. Its a fun spin to help my kids keep improving their reading, plus I get a good laugh out of it (which is better than many kids books).

I love Jeffrey Brown's take on the Star Wars universe, and honestly I think his artwork keeps getting better as the series goes on. I like seeing Darth Vader trying his best at this parenting thing, but the new book also peeks in on other friends like Jabba and Salacious Crumb, Han and Chewie, Vader and his pals on the Death Star. Really fun. My nephews also love it!

My nephew is in love with this author and has read every single book that he's written so far. I highly recommend them as it's not every day that you get an 8 yo that is asking for a BOOK from his Uncle. :)

this is another super cute and witty book from Jeffrey Brown for Star Wars fans of all ages. I was happy to see this come out so close to my son's birthday and it will make a cute addition to his other gifts and collection.
