This book is brand new, and it has got to be one of the coolest Bible storybooks on the market. I compared almost a dozen different storybook Bibles to find one I was comfortable with and this one passed my criteria with flying colors!Theological Accuracy: The text is basically the Holman Bible translation, modified slightly for a younger audience. There is virtually no editorializing, embellishments, or additions. There is very little censoring at all in this Bible, other than for space. There is no hesitation in discussing sin and judgement, or God's love and redemption.Historical Accuracy: You guys, the historical accuracy in this Bible is maybe the best I've seen in a children's Bible, especially in the pictures. Jesus is a little boy when the (two!) wise men come to see him at his house. Daniel is an older man with a grey beard in the lion's den. Jesus' scars are even in the right place (wrists instead of hands) when he appears to the disciples after the resurrection! I could

go on and on because I was so impressed with the attention to detail in the art. Since the texts are basically straight Scripture, of course they are very accurate as well. Complete Stories: I love how MUCH of the Bible they get into this book! They tell the story of Jonah right to the end. They tell not just David and Goliath, but also God's covenant with David, David and Jonathan, and David's sin and redemption. Realistic Artwork: The artwork is cartoons, which is fine, but it is realistic (the ark is really big) and ethnically accurate (Romans look Roman and Jews look Jewish). Jesus even wears different clothes in different pictures! Imagine that!

I own two copies of this Bible Storybook. We use one in our Sunday School class, with 4, 5 and 6 year olds. The other copy we have at home, for my own children to look at. (Ages 2, 6 and 8.) Our Sunday School class is following The Gospel Project curriculum from Lifeway. This Bible follows along exactly with that, including the Big Picture Questions and the Christ Connections for each week. Though I did notice that some of the Big Picture questions or answers are slightly different from the leader guide, for example on The 10 Commandments lesson. This is a storybook, so it has summaries of each Biblical story, rather than the actual text of the Bible. It does have Old Testament and New Testament title pages. And it does tell you where to look for each story in your actual Bible. It does not have a list of the books of the Bible or divisions for each book. Instead it has 12 icons that match up with The Gospel Project curriculum. It does cover more Bible stories than other children's Bible that we have owned. I do like this. I plan to buy The Big Picture Interactive Bible for Kids, Hardcover: Connecting Christ Throughout God's Story (The Gospel Project) for my 8 year old when it is available. The illustrations are somewhat Disney-esque. They do include some nice details though and they match the ones that we use in Sunday School, so that is nice to have a connection between class time and home study. The point of the "Big Picture" and The Gospel Project is to connect every story with Christ. So each story does have a Christ Connection.
