P Is For Peach: A Georgia Alphabet (Alphabet Series)

Synopsis

As you travel through the Okefenokee Swamp, keep an eye out for Tiger Swallowtails and Brown Thrashers, and be sure to pick some Yellow Confederate Daisies before taking a nap under a Live Oak Tree. This is the Georgia that becomes a wondrous reality within the beautiful rhyming verses of Carol Crane and the colorful images of Mark Braught. At the same time the rhymes entertain and inform younger readers, Crane's in-depth expository text will appeal to older ones, creating a two-tiered teaching tool for educators in the Peach State and across the country.

Customer Reviews

A really pretty children's book. We keep it out as coffee table book because it is lovely as well. Great gift for my friend from Georgia who moved away and whose child won't be from Georgia- nice to know she will still be able to read to him about home!

The Discover America alphabet series are great books for all readers! Elementary age can read them and they are full of great state facts and history. I love reading through them each time I get my hands on a new one.

This book is amazing! I got to meet the illustrator and he signed a copy for me! I am using this with a 3rd grade class. It's a great way to introduce the state and all it has to offer. The pictures are beautiful, and it's very interesting for children and adults alike! I would highly recommend it!

This book is a great piece of work. I use it in my classroom as a way to introduce students to places/things of interest in the great state of Georgia. It inspires students to ask questions and to want more information. It also makes a great gift. I gave a copy to my nephew who lives in Indiana so that he will know his second home.

This is the best book I read about Georgia. It gives me lots of information.

My family and I have been taking road trips to different states and are teaching my youngest daughter her letters...great way to collect them all and learn so much trivia about the state you visit! Hope to collect them all!

A great way to learn about the history of a state. My wife loves children's books and she feel in love with this one.

Sent this in a gift exchange to introduce Ga to someone who's never been here. It's got a lot of great local info and covers a lot of what I wanted them to know about where we live.
